#### **A) Introduction**

- a) In a recent incident, an ECHS Beneficiary was required to be admitted on Emergency Condition in an Empanelled Hospital. Beneficiary did not have the ECHS Card with him and no family member was available to fetch the ECHS card from home. Though producing the ECHS Card at Polyclinic (PC) or Empanelled Hospital (EH) is mandatory, for Emergency admission an Electronic copy is acceptable, pending submitting the card at a later point in time. If Beneficiaries has Electronic copies of important documents, it will help them on many occasions to access and show from their mobile phones itself.
- b) It is therefore recommended that ECHS Beneficiaries store Important documents such as ECHS Smart Card , PAN, Aadhar & PPO in electronic format.

- d) The DigiLocker is a National system, launched by Govt Of India. The documents in DigiLocker are normally accepted by many Institutions. (Refer Website <https://digilocker.gov.in/>)
